Kelly Davis

kdavis@patreasury.gov

Kelly Davis is a Field Representative for the Pennsylvania Treasury Department and is responsible for promoting both the newly enacted PA ABLE Program, the benefits-protected and tax-advantage saving programs for people with disabilities, and the PA 529 College Savings Program, the tax-advantaged college savings (Section 529) program, serving in that capacity since 2005. As a Field Representative, Mrs. Davis has extensive knowledge about both programs. She travels throughout the Commonwealth to educate families about both programs. She works with many businesses, schools, other state agencies, non-profit organizations, and legislative offices to reach the families they serve.

Mrs. Davis holds a Bachelor's Degree (BS) in Communications with a minor in Public Relations from Kutztown University of Pennsylvania. Kelly currently resides in West Hanover with her husband, Aaron and their daughter, Harper.

Tim Ranzetta (afternoon presenter)

tim@nextgenpersonalfinance.org

Tim's saving habits started at seven when a neighbor with a broken hip gave him a dog walking job. Her recovery, which took almost a year, resulted in Tim getting to know the bank tellers quite well (and accumulating a savings account balance of over \$300!). His recent entrepreneurial adventures have included driving a shredding truck, analyzing executive compensation packages for Fortune 500 companies and helping families make better college financing decisions. After volunteering in 2010 to create and teach a personal finance program at Eastside College Prep in East Palo Alto, Tim saw firsthand the impact of an engaging and activity-based curriculum, which inspired him to start a new non-profit, Next Gen Personal Finance.

Laura Matchett (evening speaker)

laura@nextgenpersonalfinance.org

After graduating with an education degree and spending 7 years in an elementary classroom, Laura made the switch to the nonprofit world and loves interacting with students, educators and business professionals across the country. She is passionate about all students having access to high quality education and views personal finance education as one way to 'level the playing field'. When Laura is not locating or creating high quality educational resources, you can find her mountain biking or searching for the best ramen in town!
